Nissan Frontier Manual Transmission Fluid
API GL-5 Manual Transmission Fluid by Torco®. Torco MTF Manual Transmission Fluid is a special light viscosity, low friction oil with superior load carrying and wear protection properties. It is formulated using the highest quality...

Nissan Frontier Transmission Fluids, Oils, Additives ...
For some reason, Nissan Frontier (and perhaps other models) are very sensitive to the type of standard transmission fluid used. ... I changed out the manual transmission fluid in my 2007 Nissan 350z with this and my car has never had smoother shifting. I highly recommend trying this if your shifting doesn't feel as smooth as it should.

Genuine Nissan Fluid 999MP-MTF00NP 75W-85 Manual ...
So a Nissan manual transmission is supposed to shift better on a GL-4 oil that is not also GL-5 rated. Nissan may have some other reason for the GL-4 requirement. I read somewhere that their service departments were recently required to put only Nissan (non-synthetic) 75w-85 GL-4 oil in manual transmissions of under warranty vehicles.

My manual says the manual transmission fluid capacity is 4.5qts. On refill, mine topped out at a little more than 3qts. The same manual specifies the trans axle to be 3.5qts.

What is fluid capacity of a 2000 nissan frontier manual ...
The Frontier power-steering system uses the same oil as the transmission (synthetic multi-vehicle ATF). The brake and clutch hydraulic systems use DOT-3 brake fluid. Each system uses a separate reservoir marked with full lines to ensure proper levels are maintained. Always check the reservoirs with each oil change, and fill as needed.

2017 Nissan Frontier | Owner's Manual and Maintenance ...
BE VERY CAREFUL TO USE THE CORRECT FLUID!!! If is a 2005 and up, It takes a special fluid that you can only get from Nissan. If it is an automatic, It takes matic "S" fluid. If it is a manual, make sure you get the correct weight. Using any other fluid in the automatic tranny's will destroy it!

transmission fluid change | Nissan Frontier Forum
I had the same issue with my 2005 Xterra S (4WD). Transmission started slipping at about 90,000 miles. Dealer diagnosed the problem as a break in the line that cooled the transmission fluid inside the radiator. They replaced the radiator and flushed the transmission and replaced all the fluids. Total cost of a little over \$1,000.
